⚙ Skills Summary

- Software enthusiast, most experienced in C, Java, and C#, with strong analytical, critical thinking, and debugging skills
- Capable of leading and working within a team with multiple tasks at hand, ranging from software to hardware

Software: C, C#, Java, Python, JavaScript, HTML, CSS, VDHL, MATLAB,

Tools: Microcontrollers, Windows, Distributed Revision Control System(Git)

Framework/Libraries: p5.js, Bootstrap, jQuery, .NET

📖 Experience

Research Intern, Ryerson University

📅 May 2018 – Present

- Configured a Multiple-Kinect V2 tracking environment by acquiring the joint skeleton data from four Kinects using Microsoft Kinect SDK 2.0. Used TCP/IP client-server network to send the joint data from multiple clients to a single server
- Work with graduate students to implement Kinect fusion algorithm to merge the multiple Kinect data to create a single 360° skeleton.

Webmaster, IEEE Ryerson Student Chapter

📅 May 2018 - Present

- Use HTML, CSS, JavaScript and to update and improve the IEEE Ryerson Student Chapter website.
- Acquired front-end web developer skills by maintaining the user interface and the style of the website.

🔧 Engineering Projects

IEEE E-Bot Workshop

- Develop software for an autonomous E-Bot using Arduino, working with DC Motor using the motor shield and the accelerometer.

IEEE IoT Smart City Hackathon (3rd Place)

- Built automatic street lights with crash detection ability using ultrasonic, sound sensors and HUZZAH ESP8266.

Human Handwriting Imitator

- Created software with C# which once synchronized imitates the user's handwriting.

🏆 Achievements

- Received Undergraduate Student Research Award (USRA) sponsored by the Natural Sciences and Engineering Research Council of Canada (NSERC).
- Received a letter of congratulatory from the Prime Minister, Minister of Innovation, Science and Economic Development, and from the President of the Canadian Space Agency for placing 2nd worldwide in the NASA Space Ames Contest.
- Presented at the International Space Development Conference and Innovation Nation Conference and was featured on CBC radio, Metro Toronto, other media outlets.

🎓 Education

Computer Engineering, Ryerson University

📅 Sept 2017 – Present
